

ELINOR WONDERS WHY

Contrast individuals of the same kinds of plant and animal b. Observe and recognize how we are the same and different from others [The kids observe the different body parts of a Puffin in the pictures] LS3 - Understand that all animals need food in order to live and grow, that they get their food from plants or from other animals.[The kids observe how Puffins live]

OLIVE (CONT'D)

Her pictures are always on the cover of Animal Town's Nature Magazine.

*TAKING MAGAZINE OUT

OLIVE (CONT'D)

Olive notices a little BIRDIE land on a nearby BENCH next to a peculiar looking BUSH.

7

OLIVE (CONT'D)

7

<GASP> There's a bird!

TURNS EXCITEDLY, TRIPS + FALLS

She runs towards it to take a picture, but she stumbles and falls safely on her rump. <SFX: WH-WHOA...OOF> and <SFX: CAMERA CLICK>.

As Elinor and Ari catch up to Olive, the picture plops out of the camera and develops. It's a funny-looking picture of Olive's trunk.

8 OLIVE (CONT'D) (sheepish giggle) But I'm not very good yet. [WHILE STILL LAYING ON THE GROUND, OLIVE USES HER TRUNK TO TAKE PHOTO OUT OF CAMERA, AND LOOKS AT IT]

9 ELINOR Don't you worry Olive, we'll help you take an awesome picture. [ELINOR + ARI HELP OLIVE UP. OLIVE IS STILL HOLDING THE PHOTO IN HER TRUNK.]

10 ARI Yeah, because we're awesome friends. [ARI RELEASES OLIVE, ONCE SHE'S UP]

Elinor and Ari help Olive up. They have a little group hug, full of smiles. Olive then looks around.

11 OLIVE Thanks. (beat) I wonder where Ms. Badger is? [GROUP HUG] [KIDS COME OUT OF HUG]

12 ARI She's definitely not here yet, or I would have seen her. It's just the three of us-- [WIDE] [MIDSHOT w/ BUSH BEHIND ARI.]

Suddenly, the BUSH next to them starts to rustle. Ari gets startled and does a back flip <SFX: Y-YIKES!/AAHH!>. The bush <SFX: CHUCKLES>. We see behind the bush, MS. BADGER rises in bush-like camouflage. She's a badger in her mid 20s, she's full of life and passion for her craft of photography.

13 MS. BADGER Howdy kids! [13]

14 ELINOR / ARI / OLIVE Whoa! / Hey! / Ms. Badger! [14]

15 MS. BADGER <LAUGHS> I bet you're wondering why I'm dressed like a bush? Well, sometimes I dress up like nature to blend in so I can take better pictures. Take a look at this picture I took a moment ago. [15] [STEPPING OUT FROM BEHIND BUSH + APPROACHES KIDS.] [CROUCHES DOWN.]

ANGLE ON: Ms. Badger's DIGITAL CAMERA SCREEN. We see Elinor, Olive and Ari hugging and smiling. A nice friend moment.

EW212B 'Olive gets the B:

24

MS. BADGER

We can set up camp right... here.

ADD A FEW
EXTRA BUSHES w/
FLOWERS

Right then, Elinor spots a TIGER MOTH, fluttering from flower to flower.

25

ELINOR

25

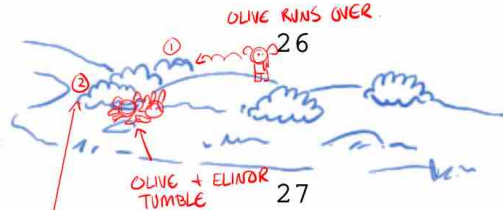

Look, there's a moth! ① Let's take a picture of it.

26

ARI

Hurry, before it flies away!

Olive runs up ahead towards the Tiger Moth.

27

OLIVE

27

I got it, I got it!

She goes to set up the shot, but the Tiger Moth flies away before she can SNAP the photo.

28

ELINOR

28

It flew to the next flower over ② here!

29

OLIVE

29

I got it! I got it!

Olive runs over to the next flower but then trips and tumbles into Elinor ~~and Ari~~, they each take a small tumble and Olive accidentally SNAPS the picture. <SFX: OOOOF!>. The kids are in a pile on the ground.

30

OLIVE (CONT'D)

30

I don't got it...

31

MS. BADGER

31

Whoa. Are you alright, kids? That was quite the spill.

HELPING UP
OLIVE

Ms. Badger helps the kids up and dusts them off. The kids nod, <SFX: MHM WALLA>. ANGLE ON OLIVE'S CAMERA: a picture pops out and slowly develops. It's a funny picture of Olive's trunk.

32

OLIVE

32

(disappointed)
<SIGH> Another picture of my trunk.
.. Ms. Badger can you show us how to take pictures?

LOOKING AT PHOTO
WHILE BADGER HELPS
ELINOR.

33

MS. BADGER

33

Of course! Here, let me give you some tips.

The kids eyes light up, excited, <SFX: EXCITED WALLA>.

ANGLE ON: The Tiger Moth resting on a bright flower. Ms. Badger watches it closely, the kids follow her every move a' la Simon says. *THEY STAY GROUPE TOGETHER IN PLACE, CRONCHED DOWN*

34 MS. BADGER (CONT'D) 34
(quietly)
Taking pictures of nature is all about making observations.

35 ARI 35
<GASP!> We love making observations!

The other three <SFX: SHUSH> Ari.

36 ARI (CONT'D) 36
(quietly)
Ooops, sorry.

Ms. Badger smiles at Olive.

37 MS. BADGER 37
(quietly)
First you need to be very, very quiet, so you don't scare whatever you're trying to take a picture of.

The kids nod and make the 'zip-it' sign on their mouths.

38 MS. BADGER (CONT'D) 38
(quietly)
Then before you take the picture, make sure you observe it and what's around it.

All four of them look around quietly, Elinor notices the Tiger Moth, it flutters from flower to flower. *(ON BUSH 3)*

39 ELINOR 39
(quietly)
I see the moth is flying from flower to flower.

CUT IN ON BUSH 3

40 MS. BADGER 40
(quietly)
Great observation. Now what do you think the moth is going to do next?

Ms. Badger slowly moves over to the bright flower that's beside the Tiger Moth, the kids follow quietly. Olive sets her camera up for the shot.

41

OLIVE
(quietly)
I bet it will land there next.

Like magic, the Tiger Moth lands on the flower, Olive is set up with the polaroid camera, she SNAPS the picture.

42

MS. BADGER
And voila. After some careful observations... A picture of a Moth.

BACK ON BADGER, ELINOR + ARI, GETTING BACK TO THEIR FEET, AS OLIVE RETURNS TO THEM.

ANGLE ON OLIVE'S CAMERA: The picture pops out and develops. It's an amazing picture of the Tiger Moth. They admire the picture for a BEAT. <SFX: WHOA/AWESOME/ NICE WALLA>

43

ELINOR
Whoa, look! I never knew moths had fuzzy little hairs like that.

43
C.U. OF PHOTO.

44

ARI
Yeah, like a fuzzy-wuzzy teddy bear.

44

45

OLIVE
We learned that from the picture.

45

46

MS. BADGER
<CHUCKLES> See! This is how pictures can help us look at the world in new ways. They show us details we might not have noticed.

46

47

OLIVE
Is this picture amazing enough for Animal Town's Nature Magazine, Ms. Badger?

47
LOOKING AT THE PHOTO, THEN AT MS. BADGER

48

MS. BADGER
Not quite, we already have pictures of moths. But let's keep looking.
(to all the kids)
Who wants to help me unpack the rest of my camera gear?

TAKING OFF HER BACKPACK.

48

Elinor and Ari raise their hands, <SFX: WE DO WALLA>, meanwhile Olive is a way too excited to take pictures. She squeezes her camera tight.

49 OLIVE 49
Ms. Badger - is it okay if I
practice taking more pictures
instead?

50 MS. BADGER 50
Sounds good to me, I'm can't wait
to see what you observe.

Olive <SFX: CHEERS> and runs up ahead with her camera in
hand.

She slowly walks over and a DARK ANIMAL (the audience doesn't
see it) darts from a BUSH, Olive SNAPS a picture quickly.

61

62

MS. BADGER
(thinking)
Hmm... maybe Animal Town's Nature
Magazine will want a picture of
this animal.

62

The kids' eyes light up, very excited. They start their trot
back to where Olive was.

EXT. THE COASTLINE - LATER ON - BACK IN THE CIRCLE OF BUSHES.

Olive, Elinor and Ari are together searching in BUSHES for
the animal, while Ms. Badger is a little ways away. The kids
see she's being very quiet, taking her time, a total pro.

Olive points to the bush where she saw it.

63

OLIVE
Here. It ran from this bush.

63

The kids search the area, quietly.

64

OLIVE (CONT'D)

We have to take an amazing picture of it.

65

ELINOR / ARI

We will, Olive! / It'll be easy!

65

Suddenly, there's another <SFX: RUSTLE> behind another BUSH.

The kids all <SFX: GASP>, excited. -TURNING THEIR HEADS TO LOOK O.S. BEHIND THEM
-CUT TO THE RUSTLING BUSH- IT STOPS RUSTLING - THEN THE KIDS APPROACH THE BUSH SLOWLY (CAMERA ADJUSTS AS KIDS ENTER)

They slowly sneak over and peak behind it. We (the audience) can finally see the animal appear, it's a PUFFIN, it sneaks out behind the kids as they search. They don't see it.

66

ELINOR

Hmmm... nothing's there.

They <SFX: GIGGLE> and keep searching. They look behind more bushes, logs, and rocks <SFX: SEARCHING WALLA>. The Puffin always pops up just out of their sight (a'la Scoody-Doo).

67

OLIVE

Awww... it must be gone.

Right then, the Puffin quickly darts through the three of them. <SFX: WHOA! HUH? AHHHH!>. It startles the kids. Olive SNAPS TWO pictures before the three of them fall on their rumps in the dirt. Ms. Badger catches up with them. THEY CAN BUMP INTO EACH OTHER BEFORE FALLING.

68

MS. BADGER

Whoa, you kiddos aren't afraid to get dirty. I dig that.

68

She helps them up... again.

DOING A PENGUIN WALK.

Ari does his best Penguin impression. <SFX: QUACK! QUACK!>. They all <SFX: LAUGH>. Olive then pulls out her Nature Book.

74

OLIVE

74

Hmm... Let's find Penguins in my nature book.

HANDING PHOTOS TO ELINOR + TAKING HER NATURE BOOK OUT OF HER SATCHEL.

She flips through the pages until it lands on a picture of PENGUIN.

MIDSHOT OF OLIVE FLIPPING THROUGH BOOK. WE SEE HER REACTION AS SHE REACHES THE PAGE. SHE THEN TURNS THE BOOK FOR THE OTHERS TO SEE

75

ARI

75

See! It has to be a Penguin.

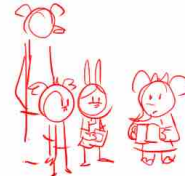

The kids compare the pictures closely.

76

ELINOR

76

It does seem to be the same black and white feathers, and the same orange feet...

Olive reads from her Nature Book. (TURNING BOOK BACK AROUND)

77

OLIVE

77

It says that Penguins are birds that live in far away places near the south pole.

78

ELINOR

78

Hmm... But we're not near the south - TURNING TO ARI

79

ARI

79

So how can it be a Penguin?

Ms. Badger can't help but smile, she loves the kids' curiosity.

80

MS. BADGER

80

What about your other picture, Olive? How'd that one turn out?

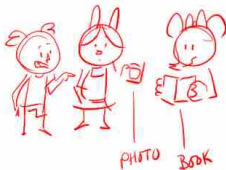

- ELINOR HAS THE PICTURES, AND SHOWS THE 3RD PHOTO

PICTURE #3: is a CLOSE UP of the backside of the bird, with its black and white feathery wing flapping out. (see diagram on last page).

81 ELINOR 81
It's a picture of feathery wings.
The animal has feathery wings!

Ari points to the wings in Picture #3 compared to the wings

Ms. Badger peers down at Olive.

86 MS. BADGER 86
Remember a picture can help us look

Olive stares at the pictures dejected. Suddenly, she's hit
with an idea!

a complete PICTURE of a PUFFIN!

89 ARI 89
Whooooaaa! Awesome!

90 ELINOR 90
That's sooo interesting!

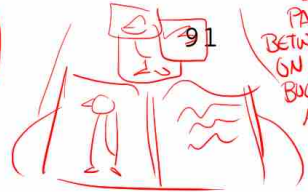

OLIVE NOW IN THE MIDDLE.

Ms. Badger smiles down at Olive, proud of her. The kids study the completed picture and compare it with the Penguin. They point back and forth between both pictures.

91

OLIVE

Look! You can see that our mystery animal kind of looks like a Penguin. But a Penguin's shape is longer than the animal in our picture.

94

MS. BADGER

94

I say we check Olive's Nature Book.

Olive flips through the book until she lands on a page of a PUFFIN. The kids compare the picture in the book to their picture.

OTHERS CAN CONTINUE LOOKING OVER OLIVE'S SHOULDER.

95

OLIVE

95

<GASP!> Here it is! It's a Puffin!

Ms. Badger nods at Olive, she's done it.

96

MS. BADGER

96

Yup, nice work kids. I think it IS a Puffin!

Olive reads from her Nature Book.

97

OLIVE

97

(reading)

Puffins are birds similar to Penguins, but they can also do all sorts of amazing things! They can swim AND fly. They can carry more than 10 fish in their beaks, and their beaks turn a bright orange in the spring time!

98

MS. BADGER

98

Yeah, Puffins are very special birds. I was hoping we'd see a few here on the coast.

101 OLIVE 101
